

Complete Online Package

A collection of full-text reference resources for high schools

Students and educators can achieve success with EBSCO's Complete Online Package, a vast collection of research databases for high schools. Available via EBSCOhost, EBSCO Discovery Service and Explora, the EBSCO research experience for schools, these databases are designed to support student research and classroom instruction.

For Students

Consumer Health Complete

Offer health and science classes this well-rounded collection of articles, images and animations about a variety of health-related topics such as diabetes, cancer, nutrition, exercise, relationships and more.

MAS Complete

This database contains complete articles from hundreds of popular magazines and reference books, as well as thousands of biographies, videos from the Associated Press, and primary source documents. The content covers a wide range of subject areas such as art, history, sports, music, film, travel, science, technology and current events. Magazines include *TIME*, *Newsweek*, *The Nation*, *National Review*, *Discover* and more.

Newspaper Source Plus

Ideal for social studies, business and government classes, this database provides full text for nearly 1,200 newspapers from around the globe. In addition, complete television and radio news transcripts are provided by CBS News, CNN, CNN International, FOX News and more.

TOPICsearch

Teachers, librarians and student researchers can use this database to explore current events; social, political and economic issues; scientific discoveries; and other popular topics frequently discussed in the classroom. TOPICsearch contains more than 90,000 complete articles from diverse content sources.

For Educators

Education Research Complete

Designed for educators, administrators, and those seeking professional development resources, this full-text database covers scholarly research relating to all areas of education such as curriculum and instruction, administration, policy, funding and related social issues.

ERIC

The Education Resource Information Center (ERIC) is an authoritative database of indexed and full-text education literature and resources. It contains more than 1.9 million records, links to more than 590,000 full-text documents and an education-specific thesaurus with more than 11,800 terms.
